Dear Colleague,

I am excited that I can now provide care for your neuro-ophthalmic patients and partner with you to manage your multidisciplinary patients with complex needs. My love of San Diego started while I earned my undergraduate degree at UCSD. It's great to be back. My goal is to create a Tele-Eye System to facilitate our collaborative communication for these challenging patients, but in the meantime text/call/email me any time:

O: 619-810-1111 C: 650-804-9270 KCockerham@Sentaclinic.com

Board Certified in Ophthalmology. Dual Fellowship Trained with Two Decades of Experience in Neuro-Ophthalmology, Orbit, and Oculofacial Reconstruction.

Training: US Army scholarship to George Washington University Medical School (graduated AOA); General Surgery Internship at Letterman Army Medical Center, Ophthalmology Residency and Medical Neuro-Ophthalmology Fellowship at Walter Reed Army Medical Center; Surgical Neuro-Ophthalmology, Orbit and Oculoplastics Fellowship at Allegheny General Hospital, Pittsburgh, Pennsylvania.

Career Highlights: Chief of Oculoplastics/Orbital Disease/Surgical Neuro-ophthalmology at Walter Reed Army Medical Center; Director of Oculoplastics and Orbital Disease and Consultant, Neuro-ophthalmology at UCSF; In Private practice and Adjunct Clinical Associate Professor, Department of Ophthalmology, Stanford School of Medicine since 2006.

Decorated US Army Veteran: National Defense Service Medal, Superior Unit Awards, Commendation Medal and Meritorious Service Medal.

Honored Clinician: American Academy of Ophthalmology: Council, Achievement Award, Senior Achievement Award, Distinguished Service Award and Special Recognition Award; Best Doctors in America; Lifetime Achievement Award from Who's Who in Medicine; Newsweek Top Doctors; Past President and Current Member of Board of Trustees for California Academy of Eye Physicians and Surgeons.

Founder: Let's Face It Together Foundation 501(c)3 that provides medicine, prosthetics, and care for underinsured patients. **Pioneer:** Tele-Eye System for community hospitals to improve communication and patient care.

Educator and Mentor: Fellowship preceptor for 38 fellows, scores of Ophthalmology Residents, and dozens of Emergency Medicine Residents (Tele-Eye System training program).

Researcher and Author: 22 funded grants, over 100 peer reviewed publications and coauthor of two books: *Practical Diagnosis and Management of Orbital Disease* and *Gulf War and Health: Long-term Effects of Blast Exposures*.

It is a privilege to join the multi-disciplinary Senta Clinic team that has such a long track record for excellence. I look forward to working with you to help manage your outpatient referrals as well as your urgent, complex inpatient needs. I have enclosed a trifold that further details my clinical and surgical scope of practice.

Kind regards,

Kimberly P. Cockerham, MD, FACS
